Let's Play Grammar

1. Object hunt

Your teacher will divide the students into groups of five. She will call out a letter. One member from each group will hunt for an object whose name starts with that letter. The student who is unable to find an object will have to make a word with that letter. The game continues till all the students have played.

2. The hidden words

Your teacher will divide the students into pairs. She will provide each pair with a sheet on which two jumbled CVC words would be written with a white crayon. The students will use watercolours and find out the letters. They then have to make two words using the given letters. The first three pairs to do so will get a reward each by the teacher.

फिर एक बच्चा उन्हें अपनी बात बता रहा है। यह बताना ही भाषा है।
देखा बच्चों, सभी चित्रों में अलग-अलग ढंग से बातें की गई हैं। हम बोलकर
या इशारों से अपनी बात समझा सकते हैं।
